All prices subject to change without notice

Community Recreation One Club Membership

FAQs

What is a One Club Membership?

A One Club Membership is available to any Non-CAC members who are interested in joining a Garrison Recreational Club.

What is the difference between a One Club Membership and a CAC Membership?

When a Non-CAC member joins a club, they pay the club fee PLUS the additional \$35.00 plus tax for the One Club Membership. A CAC member would only pay the club fees. A One Club Membership is not eligible for the additional benefits that a CAC membership includes such as: use of DDH, Community Recreation program discounts, discounts at other PSP entities like the Jubilee Lodge Marina and Black Bear Campground.

If more than one family member joins the same club, do I have to purchase more than one One Club Membership?

It extends to the entire family for the club it was purchased for. A Non-CAC family is required to purchase a single One Club Membership regardless of how many family members participate in that club.

What if we want to join more than one club?

A One Club Membership is valid for one club for one year only. If two members of the same Non-CAC family belong to different clubs, the family would be required to purchase two One Club Memberships. If a single Non-CAC member wants to join more than one club, they would pay the \$35.00 plus tax fee for each different club they belong to.

If I don't have a CAC card, how do I get into a base facility to participate in my club?

The Recreation Complex will issue One Club ID Cards to anyone who purchases a One Club Membership. They will issue one card per family member and the card will be valid for one year.

Will my One Club membership get me discounts at Black Bear Campground or Jubilee Lodge?

The Yacht Club and Black Bear Campground are not included in the One Club Membership Program. However, discounted rates are offered for full CAC membership holders.

Can I buy a One Club Membership if I only want to use Dundonald Hall.

Civilian access to Dundonald Hall is available only through a CAC card. Dundonald Hall is not included in the One Club Membership program. Daily passes are available for Non-CAC members.

Can I buy a One Club Membership for swim lessons or summer day camp?

Any program offered by Community Recreation is not included in the One Club Membership program. All programs offer discounted prices for CAC members. Non-CAC members can participate in any Community Recreation program, but they will pay a different price than a CAC member.

How much is a One Club Membership?

	1 Year
Single/Family	\$ 35.00
