## **MOOSE JAW MFRC INC. BOARD CHAIRPERSON ANNOUNCEMENT**

---

FOR IMMEDIATE RELEASE

15 WING MOOSE JAW, 01 FEB 2019 – MOOSE JAW MILITARY FAMILY RESOURCE CENTRE (MFRC) INC. announces the resignation of Dani Basley as chair of the board of directors.

Dani Basley's tenure as chairperson after three (3) years will cease 01 Mar 2019. She will continue to serve until early 2020 as past chairperson in a guidance and mentorship role. The philosophy espoused during her tenure can be described as, "Integrated military family-centric services, as delivered by the MFRC at 15 Wing Moose Jaw, 3 CFFTS Portage and all throughout southern Saskatchewan, with an emphasis on executing programs and services that result in improved resilience for military families. In this way, families and communities are better able to absorb and adapt to the shock of family separation, deployments and frequent postings, with lasting change and self-sufficiency being the goal for all military families." This philosophy will continue to build on resilience by offering relevant and adaptable programs and services, with a continued emphasis on positive family outcomes.

Vice-Chairperson, Tammy Barclay, will assume the chair position on an interim basis. Outgoing chairperson, Dani Basley, offered this commentary with regard to the transition, "Tammy's solid background in community affairs is critical in our efforts to address issues and trends in military family services, as well as to build on numerous internal and external partnerships with various other service providers and funders, while guiding the leadership and governance transition into 2020 and beyond."

The 15 Wing community, board of directors, chain of command, community partners and staff extend deepest gratitude to both Dani Basley and Tammy Barclay for their leadership and dedication in support of military family services.
