Spent a lot of time walking along the waterfront or relaxing in the back yard. Take one of the bus tours if you get the chance to see the National Park. Also the introduced SCUBA dive to see the sea life around the island.

Great Vacation

31 March - 7 April 2018

La famille Gervais-Lantigne.

Thank you for such a wonderful week at Villa Kato.

We had a great week with our Kids, everybody loved (6-10 years old) the villa and the island. The heated pool was awesome!

Our highlights:

- The Green caves (Cuevas los Verdes)
- Mirador del Rio
- Janubio area + El Edfo
- the mountain right behind the villa (a great walk with the kids)
- Playa papagayo + flamingo
- Of course the National park and its Volcan!

We are now going to the Aqualava water slide park before our departure.

• We strongly recommend to rent a car (80€/week).  
The driving is too easy!  
And buy a pass to visit the parks; you will save money

Thanks again!

We had a lovely week at Casa Kato! The island is like an imaginary planet - the landscape is unbelievable.

Things we did:

- Timanfaya National Park - try to get there for around 10am to avoid too long a wait. Worth doing.
  - Explored the Green Caves - worth the visit, across the road Jameos del Agua (not so much so)
  - Cactus Garden was lovely
  - Tequise for an afternoon is a great outing - we had lunch at r-estaurant @ Palacio Ico, amazing tapas.
  - Spend a beach day @ Papagayo, you can rent bikes and ride out
- In town:

- Gusto was a fun night (Faro Park)
- SPAR (grocery store) in Playa Limones is good and has a parking lot
- Super Dino downtown has a full selection and validates parking (groceries)
- go to Rio Roja - right at the end of the road - walk up to the crater at the top - beautiful views.

John was super helpful and incredibly responsive. Don't hesitate to contact him if you mess up the tv (which we did) or the temperature of the hot tub (which we also did)!

We also went deep sea fishing with Escualo Fishing Lanzarote. Recommended!

7th April - April 14<sup>th</sup>.

2018.

We had a great vacation!! our kids <sup>(6:8)</sup> loved  
the island and the villa. We def will be  
back. ~~John~~ John was very nice. We will  
send lots of people this way to  
Casa Kato!!

(13-20) April 2019

We really enjoyed our stay at Casa Kato. We are a family of 4 (daughter 17, son 13) and it was fun for everyone. We arrived 2 days prior to our stay at the chalet and stayed near the Samara beach and took surfing lessons really with the experience. The place is called Calima Surf and we recommend (about 45 minutes from the chalet).

Here are some of the other places we visited:

- \* Jardin de Cactus
- \* - Timantaya National Park: arrive before 10:00 to avoid a long wait.
- Mirador del Rio
- \* - Cueva de los Nidos
- \* - Jameos del Agua: very nice but not much to see, would recommend staying at the restaurant.
- El Golfo
- We went to go kitesurfing at Kayak Samara and it was very fun
- Deep sea fishing with Escorado Fishing Langosta.
- Visited the town of Tequise for a morning.
- \* Depending on how many places you want to visit, you can save money by getting a pass for some of the places we went to and more.

An amazing vacation!
