

General COVID-19 Protocols for PSP Petawawa - Youth 1st Programs

We recognize that our world looks very different right now and as such, our programs do too. The points below are how we have modified our programs to meet national, provincial and local safety standards to help ensure the safety of our staff members and program participants.

- Registration has been modified for some youth programs. Details for program registration will be available on cafconnection.ca/Petawawa.
- At this time, registration for several programs will be restricted to current serving and retired CAF members and their families.
- Participant arrival and departure has been modified for all programs to respect social distancing and facility restrictions. Further details will be provided upon registration for specific programs.
- Participants, who have travelled outside of Canada in the last 14 days prior to attending the program, will not be permitted to attend.
- Parents/Guardians must ensure that participants are in good health, prior to attending any program.
- Participants and staff will undergo health screening upon arrival, including a questionnaire and temperature reading with a no touch thermometer.
- The number of participant for all programs has been reduced to allow for enough room to social distance and move around comfortably.
- Participants must be able to understand and maintain social distance throughout the duration of programming. Reminders will be given by our program leaders, but it is an expectation that each participant understands and is able to maintain a social distance of 6ft.
- Masks will be worn inside our buildings as per the County of Renfrew policies.
- If 6ft is not possible due to extenuating circumstances such as first aid, participants and whomever they are in contact with will wear gloves and a mask (whether inside or outside).
- Food items will not be provided in our programs at this time.
- Participants and staff must follow proper hygiene practices, which will be monitored and enforced throughout the program.
- Staff and client education regarding COVID-19 protocols has been increased for all programs through conversations, signage, reminders etc.
- If your teen has special needs, please contact Christina Slaney at 613-687-5511 x2822 or RecPlex@forces.gc.ca for more information.
