A very beautiful spot exactly as you would imagine Tuscany to be. Ina the hostess was so helpful! We could ask her anything. As we travelled with 3 children 5 and under we kept things very low key with twice daily trips to the the swimming pool. This was what the kids wanted but also necessary due to the heat (33°-37°).

We did venture out a few times and recommend the restaurant Ribalta was wonderful and worked well with children as we sat outside. It wasn't far from here about 10min drive. As mentioned by others reservations are critical.

Ina also organized a wine tasting for us at Fattoria Poggio Capponi - Fabio our ~~g~~ host was fantastic and provided a lovely pairing of the wines with local food. We were able to ship wine home (UK) at reasonable rates. The venue is also amazing with wonderful views.

Both Ribalta + Fattoria Poggio Capponi^{addresses} can be found ~~on~~ by google maps just enter the name.

Thank you for a lovely week!

We did ALot of relaxing by the Pool.

- TOSCANA By Bike is awesome. We did the SUNSET TOUR ~ 4 hours.. We had E-Bikes so no big effort was needed. Teenagers loved it. The company was fantastic. Our youngest is 10 years old + she had no problem doing the 25 Km.

- Kayaking in Cinque Terre. ~ 5 hours on the water, we visited 3 of 5 villages. Once again tour company was great. We looked online using TripAdvisor. We departed from Monterosso al mare. It was a great day..

↳ The restaurant up the hill was great + so too was Ribalta, (~ 5km from here). We arrived when they opened at 19:30 + had no issue getting a table. Excellent service + all our servers spoke English very well.

- We had a wine tasting w/ dna, very nice evening as well.

- Very Relaxing week.

Thanks
