

Chalet Program

- did not get any allocation
- Got to enjoy Tuscany and look forward to the winter chalet in February
- Poor uptake ability for many and they are all too big
- The chalet program is not sufficiently flexible to offer an affordable vacation. It does not encourage cohesion.
- LOVE THIS have won three chalets, great use
- Never fitted with my fixed schedule
- none
- Why is travel from UK to chalets no longer funded?
- we've been to 2
- Whatever happens, this program needs to continue. It is a great opportunity for families in Europe.

European Fund Grant

- Because UK was differently funded (very much less than Europe)
- none
- Difficult to pull everybody together for an event.

Spousal Deployment Support

- Should be more
- I'm not familiar with this
- What support is avail?
- Didn't realize it existed.
- be better to increase an extra per cent or two to support spouses.

Academic Program

- Seems to serve a small portion of the community, but I'm not exactly aware of the program
- Should be more
- I'm not familiar with this
- Irrelevant gift. Having said that, given it exists, why not my son who did 3 years at boarding school alone?
- What support is avail?
- Didn't realize it existed.
- I don't know about this program
- Could this be used to grant kids access to good schools (private in UK terms)? or pre-arranged access

to french tutoring.

Can you suggest any other PSP morale and welfare program(s) that could be funded through the European Fund? Keep in mind it must be open to all European Fund members.

- The UK has no great events. we used to have the Christmas market tour but now only the WWI tour which is basically for the CF person. What about the spouses?? The MFS puts on great lunches but the PSP events are the fun ones.
- have more chalet available or weekend packages available
- Local language tutors or courses for spouses
- Subsidized access to swimming pools for members and families.
- No comment
- Funding of unit funds best way to support dispersed population
- More funding to offset travel costs to PSP chalets. More funding for personal activities (i.e. sports club registrations, scouting, etc)
- Can't think of anything at present
- have not been here long enough to know
- Fund to transport canadian pers to various locations of international sporting events which Canada is in like world jr, rugby World Cup, etc.
- Driving lessons in the UK
- A list of planned trips to Historic sites (Canadian war)
- Access to Canadian Goods subsidized by the European Fund?
- If you organize a 2 day session for people just posted in or being posted out shortly, make it easier for families to attend. It is very difficult (we risk a fine) to take our children out of school for two days. Also, if you invite the family and the spouse is very intersted in the posting out briefing, why is our hotel not covered in the funds provided?

- We have a local rep who has asked us if we have any concerns that he can bring forward
- I don't remember any specific request for my input or feedback.
- I have inquired about another Christmas market tour but told there was not enough interest
- no
- Je ne connais pas ce programme

Annex R – PSP Results – United Kingdom

- None. While the UK fund may serve the London members well, it seems misplaced to assume that remote members will have any want or need to join in. All members outside of tube service should be remote and separate from the UK fund.
- For a group of 8 members only this is accepted as impossible to arrange in location.
- Christmas pantomime, skating at somerset house,
- London is different, I don't think much is needed here
- more virtual networking
- Some that are easy for us to get to.

Annex R – PSP Results – United Kingdom

- Activity or site of event
- Something different to do and meet with Canadians
- personal interest in the event itself

- Dates and locations often more convenient for CFSU Det UK personnel than dispersed personnel.
- Planned during times I am deployed
- locations are not necessarily convenient and i have a toddler that makes travel difficult -- living downtown london without a car.
- working
- I am located in the UK where other families are but the activities are generally organized around the center (London/Ruislip) which involves long travel for us.
- Too far

- This year was not great. Only the WWI tour? There is confusion about the PSP rebate now as no PSP coordinator for so long.
- If you mean the rebate-no, based upon disparity with Europe.
- I don't understand what they are
- i don't know what they are
- As mentioned earlier - more funding to offset travel costs to chalets and more funds for individual activities

- WWI tour every single year not necessary as leaves out too many people
- e-mail on things you can visit in Europe but Germany focussed
- Unsure about Area? UK or local?

Annex R – PSP Results – United Kingdom

- Husband
- spouse and friends
- printed package given at arrival of posting
- From our previous Germany posting

-Any of these media works. Thank you for your efforts!
